

# NORTH STAFFORDSHIRE HEALTH STUDY

GAINING A BETTER UNDERSTANDING  
OF COMMON SYMPTOMS AND HEALTH  
CONDITIONS

HELP US REACH OUR  
TARGET OF **6,000**  
COMPLETED SURVEYS

## We are working with Keele University

to find out about common symptoms and health conditions experienced by people in North Staffordshire, to gain a better understanding of how these symptoms might be prevented or managed.

A single health survey will be sent out to a selection of patients from this practice along with further information about the study.

If you receive  
the survey in  
the post, please  
complete and  
return as soon  
as possible
